1. Cong. Gerald Ford (R., Mich.) lunched with the DCI today. In addition, those present included the DDCI, DDI, DD/S, IG, [redacted] and Mr. Pforzheimer. The discussion was very general, but included considerable discussion of the new CIA building. Mr. Ford felt it would be most helpful if the Director talked with Mr. Taber and Mr. Mahon of the House Appropriations Committee.

3. Mr. Kennedy, Counsel to the Senate Permanent Investigations Subcommittee, called me to state that his two staff men in Europe had been on the telephone to him, and among other things had said that they had not been in contact with any of our people. I told him that we had expected them to arrive in [redacted] today and in [redacted] and that our people were planning to be of assistance to them. He seemed quite satisfied with this.
